Mr. Raja HADDAD
STARMANSHIP
Beirut - Lebanon

Dear Raja,

I received your invitation today, I deeply regret not being able to attend, as will be away on the 15th and 16th in Jordan.

I would have loved to be able to share with you this session, but I send you some thought hereunder.

I was deeply touched by the holistic dimension of the 7habits. It touches our lives in the most complete sense.

It all begins after leaving the workshop, the material given in the 7habits starts revealing itself to you.

Similar to a journey where you discover principles, paradigms and mission statements.

It has given me a great sense of honor and integrity, and mostly joy of life.

Raja, thank you for your love and involvement, throughout, during and after the 7habits.

Looking forward to synergising towards a world of 7habits lovers, a world of integrity and love.

All the best

Marwan Dimas.
