Dear Mr. Al Hassan,

Sub: GIC "Intellectual Diwaniya"

I begin with my apologies for not having written to you earlier - reason being that I was out of Kuwait and resumed office today.

I take this opportunity to express my appreciation for the effort and initiative undertaken by your institution to have arranged a closely knit "Intellectual Diwaniya" for the benefit of the business community. I must also congratulate Mr. Raja Haddad himself for his clear cut presentation, the message of which was well carried across to the audience.

Needless to say, it was a wonderful event and look forward to similar opportunities in the future.

Best regards,

*May Al Mudhaf*
