STARMANSHIP

Dear Raja

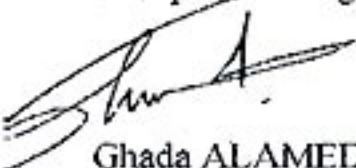

### Re: **Situational Leadership Seminar**

Here I am back after three days away from my office. And my first thought is to say THANK YOU, Raja, for this enriching experience and for time well spent.

Usually, in Lebanon, one expects to waste a lot of time during Seminars but I dare say it was not the case this time. The sessions were packed and well structured.

Feedback from my colleagues who joined in was dithyrambic: Excellent, remarkable, exceptional ... They join me in thanks.

Best personal regards.
